## Autumn kaleidoscope of outdoor games, entertainment and dancing

**On November 24, 2018**, as a part of the social project "With Kyiv and for Kyiv", the children of Rusanivka circled in the autumn kaleidoscope of games, entertainment and dances with students of the specialty "Preschool Education".

Cold autumn morning did not prevent students from establishing partnership relations with preschoolers and their parents. Fresh air, cheerful laughter and good mood are the best results of such cooperation.
