## "So Here We Are"

**On October, 17,** in the assembly hall of Pedagogical Institute, an annual festival for the first-year students "So Here We Are" took place.

Four powerful teams joined a large family of Pedagogical Institute, demonstrating their talents and competing in various contests. A pleasant surprise was a video greeting and a dancing flash mob from the Student Council.

Finally, as usual, group leaders left a photo of groups in the annual of the Institute. And of course, all the participants got unforgettable impressions, emotions, and delicious gifts.

Thanks to everyone who was involved in this wonderful celebration.

*Moderator of the event*: Student Council of Pedagogical Institute.
