

An English excursion within the discipline «Practical English course»

May 3, 2017

On May 3, 2017 third-year students of «Primary education» specialty within «Puppet theatre and performances for children», «Ecological education in modern society» topics study together with lecturers of Foreign languages and methodology department (Y. Labunets, I.Pluzhnyk) visited an English excursion to Kyiv Academic Puppet Theatre and Water Information Center.

The excursion included two parts:

The first part was visiting Kyiv Academic Puppet Theatre. Acquaintance with the theatre was conducted by the head of the literary and dramatic part of Kyiv Academic Puppet Theater, Honored Worker of Culture of Ukraine - Ilya Povolotskyi.

During the meeting, students were able to improve knowledge about the history of the theatre and its development; main types of puppets for theatre performances and learn the basics of managing the puppet.

The second block included a visit to Water Information Center, where students had the opportunity to listen to the English excursion «Ecological culture nowadays: water in the world» During the English language excursion students were able to deepen their knowledge about the value of water resources and realize the importance of their preservation and sustainable use.
