## International scientific and practical Internet conference "Professional Training Of The Modern Teacher: The Dimension Of International Cooperation"

On May 22, 2018, within the framework of the Festival of Science at Borys Grinchenko Kyiv University at the initiative of the Department of Foreign Languages and Methodologies of Pedagogical Institute international scientific and practical Internet conference "Professional training of the modern teacher: the dimension of international cooperation" was held.

The conference dwelled on different directions:

*New strategies of the future teacher training in reforming of education in Ukraine;*

*Modern technologies of professional training of teachers;*

*Professional training of a modern teacher in the system of continuous education: national and international dimensions;*

*Domestic and international models of foreign language teacher training.*

The conference was attended by representatives of the international and national education community. Among the international participants, there were teachers from the United States, Great Britain, the Republic of Finland, the Slovak Republic and the Republic of Azerbaijan.

The following papers were presented:

Michael Johnson, MA in Applied Linguistics and English Language Teaching at King's College, London, United Kingdom - "Modern teacher training: the experience of other countries";

Lisa Marie Blank, Ph.D. in Science Education at University of Montana, Department of Teaching and Learning (USA) – "Teacher candidate preparation in the United States";

Ari Pokka, the Principal of Schildt Upper Secondary School (Jyväskylä, Finland) – "Teaching Profession"; Michal Warhol, PhD, professor, president of Academic Society of Michael Baludansky, Slovakia, Kosice - "Formation of academic mobility of future teachers of primary school";

Malahat Veliyeva Akbar, Associate Professor of the Department of Lexicology of the English language, Azerbaijan University of Languages, PhD in Philology, associate Professor (Republic of Azerbaijan) – "The role of mobile devices in teaching English and preventing the phenomena of morphemic interference in Azerbaijani students' English speech".

The Internet platform of Borys Grinchenko Kyiv University became a scientific and practical background, where scientists, practicing teachers, graduate students, students of higher educational institutions of Ukraine took part in discussing urgent issues of modern professional teacher training. The conference was attended by the following domestic educational institutions of various levels: National T. Shevchenko University "Chernihiv Collegium" National Pedagogical Dragomanov University D Kyiv), Kyiv National University of Technologies and Design, Igor Sikorsky Kyiv Polytechnic Institute (Kyiv), National University of Shipbuilding named after Admiral Makarov (Mykolayiv), Lviv State University of Life Safety, Specialized school of I-III levels with a profound study of foreign languages №112 named after T. Shevchenko, Zaporizhzhya gymnasium №11,
