

Open binary practical class in discipline «Foreign language with teaching methodology»

On March 1, 2019 at Pedagogical Institute of Borys Grinchenko Kyiv University the senior lecturer of Foreign Languages and Methodology Department Petryk L.V. and the lecturer of Cycle commission of foreign languages of University College Tomilina Yu.M. conducted an open binary practical class in the discipline «Foreign language with teaching methodology» on the topic: «Be yourself; everyone else is already taken (Oscar Wilde)» for students of the specialty 013 «Primary education».

Students of Pedagogical Institute and University College were involved in interactive forms of work, socialized in English, expressed alternative thoughts on the topic. The students made a conclusion that a foreign language is not a rock that is hard to move, but the top that can be achieved due to fruitful work and friendly support of lecturers and groupmates.
