
Spring landscaping, gardening, and tidying up in the building № 2 of the Grinchenko University

During April 2019 in the building № 2 (blvrd. I. Shamo, 18/2) a set of activities on tidying up and gardening took place. With the efforts of the staff of the Pedagogical Institute, the Institute of Arts, the Human Institute, the operational and technical department of the building №2, more than 150 flowers were planted; landscaping and pruning of the courtyard took place, cleaning of the territory, as well as educational and working premises of the building was done.

At the end of the action, on April 18, 2009, a flash mob "Let's create beauty around together" was held. It was dedicated to the celebration of the Ukrainian day of the environment, which traditionally unites the efforts of all environmentally concerned people who seek to preserve the uniqueness of nature around.
