
Presentation of diplomas to graduates of the Pedagogical Institute in 2019

On June 25-27, 2019, Pedagogical Institute held celebrations on the occasion of awarding diplomas to graduates of the first (Bachelor's) and second (Master's) educational levels of correspondence and full-time forms of education (specialties "Preschool Education" and "Primary Education").

Professional training of future teachers at the Borys Grinchenko Kyiv University in recent years has become a real educational brand, because it is carried out on a research basis, with continuous foreign language training, concurrent pedagogical practice in the best institutions of preschool and primary education in Kyiv.

From now on, a new page opens in the life of our graduates. We sincerely wish that the first fruitful experience of creative cooperation in the student audience became the key to your further success, Let it add you inspiration in creating new pages of personal and professional history and the history of our University.
