## Seminar on international individual and collective grant programs and projects

**On April 10, 2019**, Olga Vyhovska (head of the Center of internationalization of higher education of Borys Grinchenko Kyiv University) held a seminar on international individual and collective grant programs and projects for the scientific and pedagogical staff of the Pedagogical Institute.

She told participants about individual possibilities of the Erasmus+ programme, academic exchange program Fulbright in Ukraine, scholarship of the faculty of "Artes Liberales" of Warsaw University, Ivan Vyhovsky scholarship, the program of the government of Poland for young scientists, and a scholarship program of Lane Kirkland etc.

The information was useful for participants, many questions were asked with great interest. Everyone was inspired to look for grant programs and projects.
