

Congratulations on the National Flag Day and Independence Day of Ukraine

Dear Grinchenko community!

Congratulations on the National Flag Day and Independence Day of Ukraine!

These holidays are of great national significance as days of social harmony and peace, unity of people in the name of prosperity of their motherland. This holiday aims to save the memory of entire generations of our ancestors who created the nation and fought for statehood.

The symbol of our independent Motherland is the national flag as the embodiment of national unity, honor, dignity, and peace. Independence Day in the hearts of Ukrainians has become a new point of reference in the life of each of us. It has given a sense of self-affirmation, a sense of freedom and sovereignty to us.

We are sure that together, thinking about our future generations, our responsibility, we will overcome all difficulties, and peace and harmony will reign in our common home!
