
"Kyiv is my Capital: Science on Kudryavets"

On October 17, 2019 the team of Pedagogical Institute "Bona Fide" took part in the annual all-university scientific quest "Kyiv is my Capital: Science on Kudryavets" organized at the initiative of the Scientific Society of Students, Postgraduates and Young Scientists of Borys Grinchenko Kyiv University.

Having received the task, the participants began their fascinating journey from the University Administration following the route:

"Baron's castle" - "People's Audience" - "The House, where Borys Grinchenko lived in 1902-1905" - "Prosvita" – "Astronomical Observatory" - opposite the "First Commercial School" - Pavlivsky Garden – "A Piece of Sea" - "Pelageya Tereshchenko Women's Trade School".

According to the results of the quest, the team of the Pedagogical Institute won the honorary third place.

Congratulations!
