

Public Lecture on the Course "Creative Education of Preschool Children"

On May 17, 2021, a public lecture by A. V. Karnaukhova, Candidate of Pedagogical Sciences, associate professor of the Department of Preschool Education within teaching the course "Creative Education of Preschool Children" for applicants of the first (Bachelor's) level of higher education (groups Поб-1/2-18-4.0д) on the topic: "Ukrainian Fairy Tale as a Means of Forming the Life Competencies of Preschool Children" took place. The lecture was attended by lecturers of the department (including 3 Doctors of Sciences, 6 Candidates of Sciences) and representatives of the administration of the Pedagogical Institute. During the lecture, the role and significance of the Ukrainian fairy tale in the formation of personality was revealed; the main approaches to determining the essence of life competence were analyzed. Students were activated by problem questions, examples of Ukrainian fairy tales, where basic qualities in the paradigm of life competence can be traced; watching videos with a discussion on the use of modern forms and methods in the educational process of preschool education institutions. The lecture was held at a high scientific and pedagogical level
