
Meeting of the Scientific Society of Students, Postgraduates and Young Scientists of the Pedagogical Institute

On October 16, 2019, a regular meeting of the Scientific Society of Students, Postgraduates and Young Scientists of Pedagogical Institute was held.

The meeting heard a report of Yana Matyushinets, the head of the Society, on the activities for the 2018-2019 academic year and identified the prospects for its further work.

One of the issues on the agenda was the re-election of the head, deputy and secretary of the Scientific Society of Students, Postgraduates and Young Scientists of Pedagogical Institute

By results of secret ballot

Naumenko Maryna, the lecturer of the Department of Preschool Education, was elected as the head of the Society;

Babych Viktoria, the second-year student of specialty "Preschool Education", was elected as the deputy head;

Hevel Sofiya, the second-year student of specialty "Preschool Education", was elected as the secretary.

Congratulations to the newly elected colleagues! We wish you inspiration and fruitful scientific work!
