
The First Stage of the Ukrainian Olympiad in Primary Education

On February 12 and 13, 2020, the first stage of the Ukrainian Olympiad in the specialty "Primary Education" was held at Pedagogical Institute of Borys Grinchenko Kyiv University. 24 students of the 2-4 years of studies of the first (Bachelor's) level of education participated in it.

The goal of the first stage of the Olympiad was to identify gifted students, promote the development of their creative thinking, and encourage the ability to look for a scientifically justified solutions to current problems in the field of primary education. Participants of the Olympiad were offered tasks based on modern psychological and pedagogical achievements. Their solutions provided not only theoretical knowledge of the program educational material, but also methodological skills to solve pedagogical problems of different levels of complexity.

On February 12, students completed test tasks on pedagogy and methods of primary education. On February 13, participants of the Olympiad presented a lesson from the basic methods of primary school.

The winners of the first stage of the Ukrainian Student Olympiad in the specialty "Primary Education" were:

Bachelor's level:

I place- Pisna Alina, 4-year student of group ПОб-1-18-2.0д.

II place- Brozhyk Diana, 4-year student of the group ПОб-2-18-2.0д.

III place- Kuzmych Kateryna, 4-year student the group ПОб-1-18-2.0д.

We congratulate the winners and wish them further achievements and victories at the second stage of the Ukrainian Student Olympiad in the specialty "Primary Education"!
