
Social project 26.10.2019

On October 26, 2019, within the framework of the social project "*With Kyiv and for Kyiv*", an interesting and informative entertainment for children and their parents "Dreamers-stargazers and Urban Transport" was held.

The event was organized by the second-year students of the specialty "Preschool education". Children and their parents guessed riddles, listened to poems, watched a dramatization of the fairy tale "About the yellow bus" by Maria Soltys-Smyrnova, and also enthusiastically participated in magical experiments: "Magic with water, oil, and dyes" and "Magic papers". In the experiment "Phone" with the help of two plastic cups and threads, children were able to talk to each other at a certain distance. After that, the participants of the event pleasantly played outdoor games: "Colored cars", "Hide and Seek" and others. The meeting was useful and interesting for children, their parents and students!

Moderator of the event: *Iryna Tovkach I.Ye., Candidate of Psychological Sciences, senior lecturer of the Department of Preschool Education.*
