## The history of the Creation and Usage of Puppets

On 01/03/2019 students (ДОМ-1-18-1.4д, ДОБ-1-18-4.0д) of specialty "Preschool Education" of Pedagogical Institute and faculty of the Department of Preschool Education visited the Kyiv Academic Puppet Theater. Employees prepared an interesting, and informative guided tour "The History of the Creation and Usage of Puppets", demonstrating the backstage of the theatre and how its activities are modified under the influence of children and parents' needs in the 21st century. Watching the play "Don Perlimprino's Love" based on the works of G. Lorca did not leave any spectator indifferent. Incredible acting, a new interpretation of the classic work, an innovative approach to theatrical productions using puppets and reed dolls, wonderful music inspires to explore new artistic horizons.
