

## International Cooperation in the Framework of Practical Training (Personal and Professional Development) of the 4th-year Students of the Specialty "Preschool Education"

---

**On December 3, 2020**, an online meeting of students was held with the director of the Montessori School in **Shanghai** (China) **Naumenko Olena Viktorivna**, who presented their kindergarten-school to the students. She showed the school where she works, and the organization of the educational process according to the Montessori system . She told about the specifics of the institution's work and provided information on the interaction between parents, caregivers and children in the following classes: Parent-Infant (children aged 6 to 18 months), Toddler Community (children aged 1 to 3 years), Casa dei Bambini (children aged 3 to 6 years). She focused on the importance of building trust between all participants in the educational process. "This work comes from the heart. You need to be a person who inspires," Olena Viktorivna said.
